Studio Twin Mug Press

The Studio Twin Mug Press is made for quick and easy use and is ideal for medium to high volume production.

The Studio Twin Mug Press features 2 vertical elements, controlled independently by 2 microprocessor digital controllers housed in one single unit, allowing accurate time and temperature control.

The Studio Twin Mug Press produces high quality images onto standard shaped mugs, large and small, with simple pressure adjustment and easy loading operation.

The Studio Twin Mug Press has 2 detachable wrap round heating elements of 11 x 23 cms and also accommodates smaller elements of 11 x 19 cms.
